Greetings!

This week, I had the unique pleasure of meeting Sharren Haskel, an Israeli member of the Knesset for Likud, the right-wing political party in Israel. She is the youngest member of Likud and the second youngest member of the 20th Knesset, Israel's parliament.

Next week should be exciting with a scheduled press conference on Monday to discuss some House initiatives to improve CPS, the State of the State Address by Governor Abbott on Tuesday, and the State of the Judiciary by Chief Justice Hecht on Wednesday.

And, of course, between it all my office will be busy working on drafts of legislation.

As always, it is a pleasure to serve the people of District 113. I look forward to working for the betterment of the State of Texas and District 113 throughout the 85th Legislative Session.

Sincerely,

Cindy Burkett
State Representative
House District 113

Legislative Highlights

Each year, I file a number of bills that have been brought to my office by constituents to address problems that experienced in everyday life. This year, those bills will address issues like:

- Allowing Independent School Districts the autonomy to have more control of their insurance options.
- Making it easier for patients of hearing aide fitting and dispensing companies access to their records.
- Adding additional protections to ensure family pets are not mistakenly euthanized while in quarantine at an animal shelter.
- Ensuring NTTA becomes more accountable to the citizens it serves.
- Resolving a long standing jurisdiction issue on certain roads around the City of Rowlett.
