Holidays 2018

Friends,

I hope you had a safe and happy holiday season!

Team Wu has been hard at work in the community and preparing for the upcoming legislative session.

January 8th marked the Opening Day of the 86th Texas Legislature. My staff and I are looking forward to representing District 137 in the Texas House of Representatives for another great legislative session.

On November 22nd, the annual Houston Thanksgiving Parade took place downtown.

In December, the Mayor's Citizens' Assistance Office hosted a Christmas party at the Southwest Multi-Service Center.

Also in December, Legacy Community Health held a groundbreaking ceremony for a new clinic in our district.

Coming up in January, the Gulfton Story Trail project will be having an unveiling ceremony for the murals they've done at the HISD schools in our district; be on the lookout for great new art right here in Gulfton!

Lastly, I wish to extend my very best wishes to members of the Asian-American community celebrating the upcoming Lunar New Year on February 5th.

Happy New Year!

Sincerely,

In this Issue...

Thanksgiving Day Parade

Gene with RODEO Houston President and CEO, Joel Crowley, District Attorney Kim Ogg, and Lyndon Wu

On November 22nd, I attended the 69th annual H-E-B Thanksgiving Day Parade, a holiday tradition showcasing the Houston community and entertaining parade-goers lining the streets on Thanksgiving morning. It was great celebrating Houston's diversity with my fellow Houstonians!

Legacy Community Health New Southwest Campus Groundbreaking

This December, Legacy Community Health broke ground for their new Southwest campus located at 6441 High Star Dr., Houston, TX 77074. I joined City Council Member Mike Laster and other community leaders for the Groundbreaking Ceremony.

In 2010, Legacy opened a clinic in the neighborhood, which quickly became the organization's busiest location, and is continuing to grow and expand. The new campus is a most welcome addition to our district, and will serve thousands of families for generations to come.

Christmas Festivities

My Christmas activities began donating supplies to local shelter to support those affected by the Christmas Eve apartment fire. Special thanks to American Red Cross and volunteers for all your hard work in the community.

I would also like to extend my gratitude to the [Mayor's Citizens' Assistance Office \(MCAO\)](#) for hosting a Christmas party at the Southwest Multi-Service Center. My office was one of many community partners to donate Christmas presents for the kids in our community.

House Christmas Ornament

Every year, members of the Texas House of Representatives are invited to select a constituent to create a Christmas ornament that showcases their district. These ornaments decorate the Christmas tree that stands in the House Chamber of the Texas Capitol during the holiday season. This year's District 137 ornament was created by the students of [Culture of Health Advancing Together \(CHAT\)](#), a local organization working to foster the health and well-being for immigrant and refugee communities through education, arts, advocacy, and access to care. District 137 is an international community and is the most diverse district in Houston and the State of Texas. Through the help of local organizations, District 137 is known for its compassion helping new comers assimilate to life in their new home.

86th Texas Legislature

This 86th legislative session marks my fourth term as a member of the Texas House of Representatives.

I am honored to continue serving and representing District 137, and I look forward to passing legislation to improve the lives of all Texans, especially our children. My Capitol office has moved from the extension to GW.4 in the main building's ground floor. Our door is always open, so come on by!
